WHAT TO EXPECT DURING ENROLLMENT

Enrollment

We'll ask who is completing the enrollment: the young adult, a healthcare professional, or a supporter. If someone is completing the form on behalf of the young adult, we'll confirm they have permission to do so.

About the Young Adult

We'll collect basic information needed to enroll and ship the kits, including contact information, mailing address, and optional delivery instructions.

Invite Supporters (if desired)

Invite up to three supporters. We'll ask for their name, email, relationship to the young adult, and mailing address (if known). You'll confirm each invited supporter already knows about the diagnosis and is expecting an invitation from us.

About the Cancer Experience

We'll ask a few general questions about where the young adult is in their cancer experience, confidence in the support they have, cancer care setting, travel time to treatment, and name of primary treatment center (if known).

About You

We'll ask a few optional questions including the young adult's age, gender identity, and race / ethnicity. Every question includes a "Prefer not to answer" option.

If Someone Else is Completing the Form

If a healthcare professional, friend, or family member is completing the form, we'll ask for their name and contact information in case we have questions.

Final Step

The requestor will review the entered information, agree to the Privacy Policy, and share how they heard about the Support Starter Kit program. Then submit - that's it!
